Loxton Primary School
Site Improvement Plan - 2016

Priorities are Literacy, Numeracy & Well-being

As determined from analysis of learner data and self-review processes

Belonging * Caring * Learning * Respecting * Persisting

**TEACHING FOR EFFECTIVE LEARNING**

Our improvement plan is underpinned by the SA Teaching for Effective Learning. It guides our designs for learning and decision making about our practice.

In 2015 we will focus on:

Formative Assessment & the following TfEL elements.

2.1 Develop democratic relationships
2.3 Negotiate learning
2.4 Promote dialogue as a means of learning
4.1 Build learners understandings

**VISIBLE LEARNING**

Our work will be guided by John Hattie’s research on class size effect.

As educators we believe that:

The fundamental task is to evaluate the effect of our teaching on student learning and achievement.

Talking about the learning is very important.

Assessment gives us feedback about the impact of our teaching.

Differentiation of the curriculum is essential to meet the needs of the learners, including learning intentions and success criteria.
### Strategies

The major actions which staff commit to do, so that all learners are supported to achieve the SMART targets.

Implement an agreed approach to effective teaching and learning which is consistent and coherent across the school and aspires to achieve high standards.

Agreements include:
- R-7 using WRAP program.
- Initial data collection, including use of Cars and Stars, to be completed by end of W4 (T1).
- A focus on the teaching of comprehension strategies using data to inform teaching.
- Morrison McCall will be collected and analysed after every 4 weeks of teaching.
- Years R-2 collecting Running Record data using 3 levels of analysis to inform teaching.
- All students not reading independently at an age appropriate level to be using ‘My Words’.
- A focus on differentiation of the curriculum and working with small groups of students.
- TfEL as a pedagogical focus.
- Teachers will be required to program using the Australian Curriculum Content Descriptors and Achievement Standards – in line with National Professional Standards for Teachers (AITSL).
- All NIT teachers will highlight their use of the Literacy General Capability through their programming.
- Use of ‘Learning Intent and Success Criteria’ consistently in Literacy lessons.

### Targets

SMART targets that indicate what improved outcomes learners will achieve or demonstrate.

**Reading** – By the end of term 4 students will read at the appropriate Instructional level at 93% accuracy.

### Evaluation Measures

The data, evidence, processes and timelines to be used to monitor and evaluate student learning through the use of SMART targets.

**Teachers** will analyse and compare the following sets of data as they become available:
- Running records data
- NAPLAN data
- Pat Testing
- Standardised tests
- Mid-Year and End of Year Achievement Standard levels
- Morrison McCall

**Teachers** will work in PLCs to analyse, moderate and share their Reading programs in relation to improving student learning strategies and targets.

**Students** will be able to articulate the Learning Intent and Success Criteria of their learning.

**Whole school** use of Scorelink

**TfEL and National Standards for Teachers** used as a basis for performance development as evidenced through teacher programming, including the use of the TfEL compass.

### Resourcing – To support S.I.P

- Purchase ‘Scorelink’ – Data analysis program, plus training.
- Purchased increased Teacher release to support teacher use of Running Records (Year 1 – 3).
- Early Assistance –provision of small group support for Years 1 – 3, by S.S.O.
- Use of WRAP trainer to provide ongoing staff training & planning.
- Partners in Print.
- $5000 to support purchase of Literacy resources.
- Purchase of online ‘Cars & Stars’ to support Reading Comprehension.
- Purchase of supportive adaptive technology apps for students with disabilities.
### Strategies

The major actions which staff commit to do, so that all learners are supported to achieve the SMART targets.

**Implement an agreed approach to effective teaching and learning which is consistent and coherent across the school and aspires to achieve high standards.**

**Agreements include:**
- Using the Numeracy Agreement and developing an agreed Whole School Assessment Calendar.
- Using strategies, including mental computation, meaningful reflections, problem solving and higher order thinking skills to improve student learning outcomes.
- Staff trained with Ann Baker to lead training in P.L.Cs.
- Anchor Charts and word walls to support consistency across the school.
- A focus on differentiation of the curriculum and working with small groups of students.
- TfEL as a pedagogical focus.
- Teachers will be required to program using the Australian Curriculum Content Descriptors and Achievement Standards – in line with National Professional Standards for Teachers (AITSL).
- All NIT teachers will highlight their use of the Numeracy General Capability through their programming.
- Running Numeracy parent workshop.
- Use of ‘Learning Intent and Success Criteria’ consistently in Numeracy Lessons.

*In NAPLAN Numeracy we want all students to be above National Minimum Standard.*

### Evaluation Measures

The data, evidence, processes and timelines to be used to monitor and evaluate student learning through the use of SMART targets.

**Teachers will** analyse and compare the following sets of data as they become available:

- NAPLAN data
- ACER Testing
- Standardised tests
- Mid-Year and End of Year Achievement Standard levels

**Teachers will** work in PLCs to analyse, moderate and share their Numeracy programs in relation to improving student learning strategies and targets.

**Students will** be able to articulate the Learning Intent and Success Criteria of their learning.

**Whole school** use of Scorelink

**TFEL and National Standards for Teachers** used as a basis for performance development as evidenced through teacher programming, including the use of the TFEL compass.

### Resourcing – To support S.I.P

- Staff trained in Quicksmart online intervention tool.
- S.S.O resourcing to support implementation of Quicksmart.
- $5000 to support purchase of Numeracy resources.
- S.S.O participation in Natural Maths
